

Baby Diaper bag Essentials

A quick and helpful guide

For all moms to know

You can save this list and come back to it when ever you need a reminder

Baby's need a lot of things and I will share the most important ones to have in your baby's diaper bag!

1

Diapers & Wipes

Always carry extra

You can never have too many

2

Bottles & baby formula

Have your baby's bottle ready to go with their milk already prepared!

Whether is breastmilk or formula!

3

Extra clothes

Babies tend to get dirty a lot, so be prepared!

onesies, two piece sets and comfortable clothes to change diapers in

4

Burp cloths & Bibs

Easy way for baby not to get dirty from drinking their milk

soft and clean surface when burping your baby by using a burp cloth

5

Blankets

Always useful to keep baby warm

Blankets are great for changing diapers too!

6

Rash cream & lotion

Rash creams are great to keep skin from getting irritated from diapers

Rash cream comes very handy at any given time

Lotion keep baby skin nice and soft

7

Toys

Keep baby entertain with their favorite toys + add teething toys into the mix as well!
